Multisamples

The following table lists all Pa500 Oriental's Factory Multisamples.

** **OrigTune:** Original Tune, i.e., samples use the natural tuning of the original instrument, instead of the equal tuning. Beating may occur at the extreme pitch, when the sound is used in conjunction with other sounds.*

Performances

All Performances are user-editable. Use the following table as a model for your own Perfomance lists.

Note: *You can remotely select Performances on the Pa500 Oriental, by sending it Bank Select MSB (CC#0), Bank Select LSB (CC#32) and Program Change messages on the Control channel (see "MIDI: MIDI In Channels" on page 209).*
